ULTRA MAX®

Model	1800mAh power bank, Product Code POWUMX-1800 B, W, P, G, BLU	
LED Indicator	Charging and discharge indicator	
Protection	Comes with Over-current protect, over charge protect, over-load protect, short-circuit protect	
Detection	Comes with Over-load detection, current detection, power detection	
Charging mode	Constant Current followed by control voltage	
Input	Micro USB	
Output	Single Port USB	
input Voltage	5V±5% from a USB port	
Input current	500mA	
Open Circuit output voltage	5.2V±2%	
Closed Circuit output voltage	5V±5%	
Nominal output current	USB:1A	
Output power	5W	
Quiescent current	≤30uA	
Nominal capacity	1800mAh	
charging time	4hrs	
cycles	>500	
Over charge protect	4.2V	
over current protect	1.2A	
Under voltage protect	3.1V-3.2V	
Blue	Red	Red indicator comes on when battery fully charged, Blue indicator refer to discharge
Discharge indicator	charge indicator	
USB output: DC5V 1A		
Measurements		

Ultra Max Batteries, Watkins House Pegamoid Rd., Montagu Industrial Estate, London N18 2NG
